FDLRS-South Book Drive & Adopt-a-Center Holiday Initiatives

1,633 books find their way into the hands of children!

The 4th Annual Holiday Book Drive was a great success this year. Children's books were collected and distributed to 1,633 preschool age children. The children served at the centers reside in regions that include schools that have been identified as in need of support. Children also received sensory, speech/language, developmental screenings, and teachers received professional development in the area of early literacy. FDLRS-South helped spark an interest in literacy and brought an extra bit of holiday cheer to the children and staff at these centers.

If you suspect that your child, or a child you know, may have a delay or disability please call:
